Advisory - Dealing in Options

Investors are advised to take precautions while dealing in Options and avoid below practices:

- ✓ Sharing of your trading credentials – login id & passwords including OTP.
- ✓ Trading in leveraged products like options without proper understanding, which could lead to losses.
- ✓ Writing/ selling options or trading in option strategies based on tips, without basic knowledge & understanding of the product and its risks.
- ✓ Dealing in unsolicited tips through WhatsApp, Telegram, YouTube, Facebook, SMS, calls, etc.
- ✓ Trading in “Options” based on recommendations from unauthorized / unregistered investment advisors and influencers.
